Main Particulars

**** Virtual Tour****

A thoughtfully extended four-bedroom semi-detached home designed with family life and entertaining at its core, offering generous living space, secure outdoor areas and excellent versatility - all within easy reach of Knaresborough town centre.

Set behind driveway parking for two vehicles and complemented by a detached garage and substantial outhouse (with clear potential for a home office or studio conversion), this property delivers the space and flexibility today's families demand.

The ground floor has been carefully configured to support both day-to-day living and larger social occasions. An inviting entrance hall leads to a comfortable front lounge with a bay window and feature fireplace - a calm retreat separate from the main hub of the home.

To the rear, the property truly comes into its own. The extended dining/family room is flooded with natural light from skylights and French doors, creating a bright, secure and highly sociable environment. With direct access to the garden, this space allows children to move seamlessly between indoors and out while adults entertain with ease.

The well-appointed kitchen provides ample storage and preparation space, flowing naturally into an open dining area that encourages family interaction. French doors open onto the rear patio - ideal for summer gatherings, al fresco dining and keeping a clear line of sight to children at play. A ground floor W/C adds further practicality for busy households and visiting guests.

On the first floor, three well-proportioned bedrooms offer flexible accommodation for growing families, guests or dedicated home-working space. The principal bedroom benefits from fitted wardrobes, ensuring valuable built-in storage. The family bathroom is designed for functionality, featuring a bath, separate walk-in shower and dual aspect windows that enhance light and ventilation.

The second-floor conversion adds a further double bedroom with Velux windows and useful eaves storage - an excellent option for a teenager's retreat, guest suite or private workspace.

Externally, the enclosed rear garden provides a secure environment for children, while also serving as a highly usable entertaining space for hosting family and friends.

A strategically located, future-proofed family home offering space to grow, entertain and live with confidence.
